

## Road, Bridge Randall Fund Lost \$20,000

In spite of the fact that 150 more motor vehicles were registered in Randall county this year than in 1947, there was a loss of more than \$20,000 in collections.

Tax Collector M. E. Cantrell has completed the report for the year's collection and sent it to Austin.

In 1947 the county collected \$78,072.90 on a total of 3,738 motor vehicles.

In 1948 the number of motor vehicles increased to 3,888, but the money collected declined to \$57,772.11.

A large part of the loss in cash is due to the loss of plates from the New Mexico Transportation Co. which has been registering all of its busses in Randall county; and the loss of a fleet of trucks which operated from New Mexico into Texas.

The loss of the trucks was within the law, since the company opened an office in Texas during the past year, and therefore, under the state law was forced to buy its plates at the office in Texas. This office is located in Dallas, and the state will get practically all of the plate money received from this firm.

The State Highway Department simply refused to send plates for the New Mexico busses to Randall county in spite of the fact that the company maintains no offices at the terminal in Potter county. It was pointed out time and again that this company could register its busses in any county through which it operated in Texas, but the Highway Department took the position that the busses could only be registered at the terminal in Amarillo, and therefore refused to send the plates to Randall county.

The loss of these two batches of plates cost Randall county \$14,000.

It has been the practice of new car dealers in Amarillo for several years to force all buyers of new cars to buy their plates in Potter county in order to improve their quotas. The dealers not only forced buyers of new cars to buy in Potter county, but many of them were forced to buy their 1948 license plates in Potter county, in spite of the fact that they were depriving the road and bridge fund of Randall county of needed funds.

It is also pointed out that many farm operators in Randall county live in Amarillo, and they were forced to buy their truck plates in Potter county, in spite of the fact that the trucks are used almost exclusively in Randall county.

Citizens of Randall county wonder if the State Highway Department will now complain to the State Auditor about the practices which it has forced upon the residents of Randall and Potter county. The readers will recall that the State Auditor took from the files of the State Highway Department letters complaining when citizens outside of Randall county bought plates in this county. According to local officers, the State Highway Department is now forcing citizens to do the very same thing of which it complained so vehemently only a short time ago.

The next session of the legislature should be called upon to correct some of the arbitrary rules of the State Highway Department in order to give small counties which are neighbors to the big counties a square deal in the matter of license plates.

The state is forcing as many citizens as possible to buy license plates in the big counties of the state, since practically all of the money goes to Austin for the purpose of building super-duper highways in and around the big cities, while the citizens of small counties are deprived of farm-to-market roads in order to get their products to market.

## Directors For Co-op Named in Tuesday Meeting

Wayland Angel and Clem Dugan were elected to the Board of Directors of the Consumers Fuel Association which was held at the College Cafeteria Tuesday night. More than 275 members and friends attended the meeting.

Reports were made by President J. T. Sykes, managers of the association's facilities, the company's auditor, and an address was given by C. E. Bowles, secretary of the Houston Bank for Cooperatives.

Attendance prizes went to Mrs. J. Frank Triplett of Amarillo, Mrs. Clem Dugan, Mrs. George Parker, J. J. Wright, Mrs. Burney Slack, A. E. Brown.

The association was highly complimented by Mr. Bowles, who was making his first trip to Canyon. He talked on the advantages of the association and the duties of the members in giving information to others who were not members of the group.

Mrs. Lawrence Hill of Columbus, Ohio, visited over the week end in the homes of Dr. and Mrs. J. A. Hill and L. G. Allen. Mrs. Hill's husband is a cousin of Dr. Hill and she is a niece of L. G. Allen. Mrs. Hill formerly taught in the Demonstration School.

## Democrats Will Meet May 1 To Name Delegates

Democrats of Randall county are called upon to meet in precinct conventions on Saturday afternoon, May 1 at 2:30 o'clock.

The precinct convention in South Amarillo, precinct No. 9, will be held at the Alice Landerger school in order to accommodate men who work in Amarillo. W. J. Flesher of precinct chairman of No. 9.

It is requested that Democrats be elected from each voting precinct as delegates to the County Convention to be held at the District Court room in Canyon on May 4. At that time delegates will be elected from Randall county to the Democratic State Convention to be held at the District Court room in Canyon on May 4. At that time delegates will be elected from Randall county to the Democratic State Convention to be held at the District Court room in Canyon on May 4. At that time delegates will be elected from Randall county to the Democratic State Convention to be held at the District Court room in Canyon on May 4.

State officials have warned that the Wallace Third Party bunch is planning to take over the precinct conventions on May 1 for the purpose of embarrassing President Truman. It is urged that only well known and qualified Democrats be elected at the precinct conventions to attend the county convention; and in turn that the counties of Texas select only men and women who have not been a party to the Wallace Third Party movement. The precinct and county conventions will decide whether or not the delegates to Brownwood shall be instructed or go uninstructed. The State Democratic Committee urges that the delegates be uninstructed, and that no questionable resolutions be considered by either the precinct or county conventions.

## Softball League For Boys 16 and Under Is Proposed

The American Legion will sponsor a softball league in Canyon this summer consisting of 16 teams. Fifteen boys will form a team, or a total of 240 boys playing in tournament softball.

All of the boys must be 16 years old, or under.

All clubs and organizations of Canyon are invited to enter teams in the tournament.

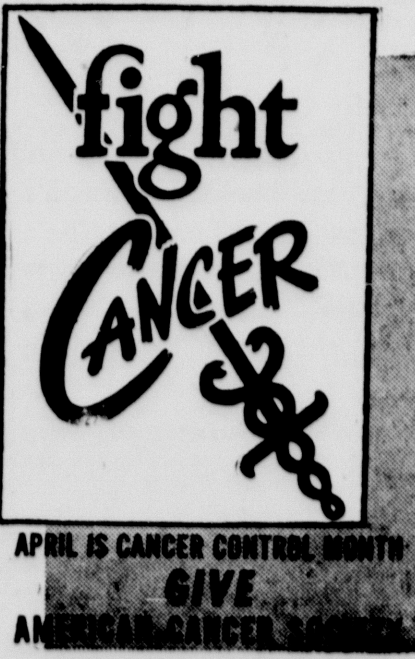

A schedule will be worked out with the college so that softball games will not interfere with the physical education training program of the summer session.

## Good Crowds At Baptist Revival Now In Progress

Unusual crowds are hearing Dr. C. B. Jackson at the revival at First Baptist church which began last Sunday and will continue through April 25th, according to report of pastor Roy L. Johnson. Twenty-one people united with the church the first three days of the meeting, besides more than two dozen rededications of church members. The first baptizing was last Monday, and another will be on Saturday night, April 17th. The evangelist will speak then on "God has a plan for every life," and is directing this sermon especially to young people. He says "Each person needs to learn to read the blue prints of life and build by them."

Effort is being made to set a new Sunday School attendance record on April 18th. Previous high was 556 and friends are being invited to come at 9:45 to help beat this record.

Mrs. J. C. Dowd accompanied by her sister, Mrs. G. S. Ballard, and brother, T. H. Rowan and two daughters all of Amarillo, left Friday to spend the week end with her brother, J. H. Rowan and wife, in Decatur.

## Canyon Women Win Honors at District Meet

Canyon was well represented in the 27th Convention of Women's Federation of Clubs in Pampa on April 5 and 6. Mrs. J. A. Hill, life member, State Board member and district historian; and Mrs. C. V. Reeves, district chairman of education, were on the convention program.

Mrs. Lee Foster presented a song brochure to the convention. This brochure contained "Love and grow," an original composition of Mrs. Foster. The song was adopted from the floor as the convention song.

In Texas composers division, Mrs. Frank Hatt of Childress wrote the musical setting for "Panhandle Plains" which was sung on the program and won first place in the division. Words for this song were 1st place poem winner of the 1947 convention and were written by Mrs. Glen Truax.

In the arts division Miss Isabel Robinson placed first and Miss Marie Fronabarger won honorable mention in the professional division. In the college division Wilton Willard won first place and popular vote. Herman Hugg won second and Purvis Burris won third. The professional division was in watercolor and the college division in oils.

## Panhandle Press Sets New High In Attendance

The 39th annual convention of the Panhandle Press Association registered 468 newspaper men and members of the staffs of the daily and weekly publications of this area. This was the largest registration ever attained by the organization. Only a reckoning of the registration cards Sunday disclosed this number.

At the final session officers were elected as follows:

President, Forrest Weimhold, Hockley County Herald, Levelland. Vice President, Paul Allingham, Amarillo Globe-News.

Secretary, Clyde W. Warwick, Canyon News.

Directors: J. C. Phillips, Borger News-Herald; J. C. Howell, Wheeler Times; John Dexter, Guyman News-Herald; Ed Schneider, Tucuman American; Herschel Combs, Memphis Democrat; Allen Hodges, County-Wide News, Littlefield; Hubert Curry, Crosbyton Review.

The 1949 convention was set for April 8-9, 1949. This will be the 40th anniversary of the association and another attendance record is expected to be broken.

The program carried out Friday and Saturday was pronounced to be the best that the association has ever had during its long history.

## Stork Specials

A son was born to Mr. and Mrs. Corliss Currie on April 7. Mr. and Mrs. R. E. Rogers are the parents of a baby girl born on April 9.

Born to Mr. and Mrs. O. H. Bouldin, a baby boy on April 10.

1st Sgt. and Mrs. James H. Scott are the proud parents of twin boys. The twins, weighing 7 lbs. 12 oz. and 8 lbs. were born Friday, April 9 in the base hospital at Ft. Riley, Kans. Mrs. Scott will be remembered as Jacqueline Tabor, daughter of Mr. and Mrs. Guy B. Tabor.

Mr. and Mrs. Lester Shreve are the parents of a son who was born April 11.

A daughter was born to Mr. and Mrs. Vernon Miller on April 10.

## Funeral for Jeral Woodman Tues.

Funeral services for Jeral Dean Woodman, 5, son of Mr. and Mrs. J. C. Woodman, 112 N. Milam, were held Tuesday at the Summit Baptist Church in Amarillo, at 4:00 o'clock. Jeral died in an Amarillo hospital Saturday afternoon.

Besides the parents, survivors include his brother, Billy Franklin, 3; the parental grandfather, C. H. Woodman of Oakland, California; the maternal grandfather, U. R. Clink Scales of Maricopa, California. Mr. and Mrs. Woodman owned the Conoco Service Station here before moving to Amarillo.

## SING-SONG AT HAPPY SUNDAY

Everyone is invited to attend the meeting of the Randall County Sing-Song Band, Sunday, April 18, at the Methodist Church in Happy. Singing will begin at 2:30 o'clock.

## BANK HOLIDAY WEDNESDAY

The First National Bank will be closed all day Wednesday, April 21, in observance of San Jacinto Day.

Mrs. E. I. Boyce left Monday morning by plane for Brownstown, Ill., to be at the bedside of her sister, Mrs. J. W. McCormick, who is seriously ill.

## Girl Scouts In Need of \$1,000 Improve Center

The girl Scouts are seeking to raise \$1,000 for the purpose of buying a lot, moving a barrack and re-finishing the building for a meeting place for the Scout Troops.

The financial drive will be put on Saturday at which time the Girl Scouts hope to raise the \$1,000 needed for the barrack.

An unfinished barrack has been acquired for use of the Girl Scouts. One end of the building is open, but it is planned to close this with a large fire place when the building is located on the new lot at a convenient place near the center of Canyon.

Citizens of Canyon will be solicited for cash, labor and materials to finish the building.

It is pointed out that the building for Girl Scouts will mean a considerable saving to local citizens in view of the expense involved every year in sending girls to camp. All of the Scout training will be carried on at the new headquarters, and it will not be necessary to send girls away to carry on their Scout work. This will prove to be a decided saving to the people of Canyon, it is pointed out.

When the Girl Scouts start their campaign Saturday, they are hopeful of closing the campaign in one day.

## Mrs. R. A. Haley Is Seriously Sick at Plainview Hospital

Mrs. R. A. Haley is seriously ill in a Plainview hospital. She is the grandmother of Arthur C. Haley, Jr. of the News staff. Mrs. Haley is a pioneer of the Plains and lived in Amarillo until recently.

Arthur C. Haley, Sr., of Seligman, Ariz., arrived by plane Tuesday night to be at the bedside of his mother. Mr. Haley will visit his son here before returning to Arizona.

## Error in Name of Car Driver Made

An error of name was made in last week's issue of The News regarding the injury of Butch McAttee. The article stated that F. M. Hatcher was driver of the car. It was Frank Hatcher, who is no relative of F. M. Hatcher. Because of similarity of names this error was made in giving the information of their accident to the paper.

## Grand Jury To Meet Again on Monday

Judge Henry S. Bishop has recalled the grand jury to meet next Monday at the court house.

This will probably be the last session of the present grand jury since a new term of court will open on April 26th. A new grand jury will be summoned for the new session of district court.

## Activities at City Hall For the Week

1200 feet of sewer tile for sewer extensions have been ordered by the city.

Twenty-six new stop signs have been set up over town.

Dr. Lee Johnson has been installed as city commissioner.

G. A. Sahli is making the annual audit of the books at the City Hall this week.

## Don Acres Dairy Stock Again Rank Top Winners

Four head of cattle from the Don Acres Farms, owned and operated by Reeves Donnell, won 3 blue ribbons, 1 red, and a grand prize in the Dairy Day Show at the Amarillo Livestock Exchange on Thursday.

Don Acres Improver won the Grand Champion Bull ribbon to lead the winners for his owner.

Mr. Donnell took only four head to the show. He has been in the dairy business for several years and has never failed to make good and excellent winnings with his exhibits from his herd.

## Variety Program at Rotary Luncheon at Tuesday Luncheon

A variety program was put on Tuesday at the Rotary Club luncheon.

Congressman Eugene Worley had accepted an invitation to speak at the luncheon but found Sunday night that it would be impossible for him to make his engagement here.

The program was introduced by Crannell Tolliver, consisting of a skit on "Ann Driving the Car," and accordion solo by H. F. Fulton, Jr., member of the club.

Several members of the Canyon Rotary Club went to Pampa Wednesday to put on an inter-city program. Dr. James Cornette will be the speaker on the programs.

Visitors were: F. A. Emory of Chicago; Weems S. Dykes and Odus Crowell of Canyon; Emil F. Myers, C. R. Janak, L. A. Vahue, Charles R. Woodburn, William H. Torrey, J. E. Bowman, J. O. McGuire, Horace Griggs, E. L. Roberts, Spencer L. Baird, all of Amarillo.

## Savings Bonds to Be Offered to All Randall Citizens

A quota of \$120,000 has been set for Randall County in the Security Loan campaign, April 15 through June 30. R. H. Wright, county Savings Bonds chairman, announced Monday after receiving the figure from the U. S. Treasury Department.

"This is the highest quota we have received since the war," Mr. Wright said, "but the threat that today's peace-time inflation offers to our personal and national economic security makes it vital that we achieve the objective. I have no doubt that his county can and will meet the quota."

He said that rapid progress was being made toward completion of the volunteer organization that will carry out the Savings Bonds solicitation in the county, but urged that individuals, clubs and organizations offer their services in the campaign.

"The United States cannot be strong unless we have a strong national economy," he said. "If the individual citizens of this and every county in the nation provide for their own financial security, it follows that the nation is strong economy. Widespread ownership of Savings Bonds by the people fights inflation, provides a guard against possible depression and allows for the sound management of our national debt. Money received from the sale of Savings Bonds is used to retire inflationary short-term government obligations which are held in banks and large corporations."

Mr. and Mrs. Hosea Foster are on a vacation trip to California.

## \$75,000 Bond Issue Is Proposed To Solve Problems in the Canyon School District---Need Consolidate

Trustees of the Canyon Independent School District met again on Thursday night to make a detailed study of two different proposals for financing the school plant expansion and improvement program which has lately been urged by various groups of interested citizens and tax payers. Visitors and a full membership of the School Board were present at this meeting.

A point of discussion was offered by the Board President, J. W. Spencer, that since the board had met on the previous Tuesday and considered the present and future school needs of the Vocational Agriculture, Music, and Physical Education Departments, the need of a Cafeteria building and of a Bus Loading Zone, it was determined at that time that a sum of \$75,000 would be needed immediately. This amount would cover the cost of moving the government buildings to the campus and provide for additional class room space and the other improvements listed above.

A method of financing this expenditure was then discussed and the group was reminded that the issuance of general improvement bonds in this amount would be the only practical way to meet this emergency. Their attention was also directed to the fact that there are only two methods by which an In-

dependent School District can support and retire the maturities of a bond issue. One is by a raise in the present tax RATE. The other is by raising property EVALUATIONS within the district.

Upon investigation of school laws by the board and upon advice of attorneys it was found that a tax raise of 25c to make a total of \$1.75 per \$100.00 valuation would not be legal procedure for the Canyon Independent School District at this time.

Under Article 28020 of Public Law, passed by the 49th Legislature, districts which were as early as 1946, levying \$1.50 rate may now go to a \$1.75. This district was, however, at that time levying a \$1.00 rate on the \$100.00 valuation and would not therefore according to law be eligible to vote a \$1.75 rate. Attorneys also advised Mr. Spencer that the only legal method of obtaining the necessary revenue for supporting this bond issue would be to raise present valuations of REAL and PERSONAL PROPERTY.

In the light of these conclusions, which was then estimated that valuations would need to be raised 25% in order to support this expansion program providing it was agreeable to both private citizen tax payers and corporate interests as well. There is some question whether the corporate interests, such as railroads, pipe lines, utilities, communication companies, etc. would voluntarily allow such a valuation raise since past experience has shown that they have objected vigorously to their property being raised the same percentage as city property and farm lands in this district. This, of course, would mean that a 20% raise for them would necessitate approximately a 27% raise for other taxpayers, and consequently would bring about quite a problem of equalization.

The trustees declared that it is their desire to act as soon as possible in this matter since Canyon citizens have shown such interest in these current problems and have publicly expressed their support in the improvement of school plant facilities, all of which is greatly appreciated by the board.

## Delegates to County Meet Is Based '46 Vote

Interest in the coming precinct and county convention which will name delegates to the State Convention at Brownwood is increasing in Randall county. The precinct conventions will be held on May 1, and the county convention on May 4.

All Democrats are invited to attend the precinct conventions in which they reside. Precinct conventions may send as many delegates as they like to the county convention, but the voting strength is determined by the number of votes which were cast in each precinct for Governor Jester in 1946. Each voting precinct gets one delegate for each 25 votes cast for Governor Jester, or major portion thereof. Each voting precinct will get one vote in the county convention, regardless of the number of votes cast in the last general election.

The following are the voting boxes of the county and the number of votes cast, together with the number of votes in the May 4 convention:

No. 1-478, 19 votes.  
No. 2-47, 2 votes.  
No. 3-24, 1 vote.  
No. 4-12, 1 vote.  
No. 5-20, 1 vote.  
No. 6-15, 1 vote.  
No. 7-10, 1 vote.  
No. 8-94, 4 votes.  
No. 9-227, 9 votes.

Total vote for Governor Jester was 931 in Randall county, or less than half of the possible voting strength of 1946.

## Poor Variety Of Wheat Costs High Penalty

J. Frank Triplett of Amarillo told farmers Tuesday night that the poor quality of wheat raised in Texas was costing the farmers a penalty of 15 cents per bushel on the average. He was speaking at the annual meeting of the Consumers Fuel Association.

Mr. Triplett warned the farmers of Randall county that the only market now for their wheat was export, because the quality of wheat being raised would not meet the demands of the millers.

When the export trade ceases, as it surely will in the near future, the farmers of Texas will have no place to sell their wheat, owing to the poor grade.

Mr. Triplett stated that during 1947 wheat from this area was penalized all the way from 9 cents to 26 cents per bushel. This came out of the pockets of the farmers. He reported one carload of wheat on the Kansas City market being penalized 33 cents per bushel just two weeks ago.

Mr. Triplett warned that those who are planting this low grade of wheat in hope of getting a larger yield are simply jeopardizing the entire wheat business of Texas. The farmers cannot afford to see their wheat penalized 15 cents per bushel, or more. Texas produced the highest quality of wheat that the millers demanded just a few years ago, but this low grade seed has been introduced and is ruining the wheat business of the Panhandle.

## VFW Auxiliary Names Officers For Next Year

Mrs. Maude Walters was selected to head the V. F. W. Auxiliary in an election held Wednesday evening at the regular meeting in the Methodist Church.

Also officers for the next year are: Senior vice-president, Katy Jean Byrd; Junior vice-president, Alice Black; treasurer, Irma Money; chaplain, Martha Penick; guard, Juanita Warwick; conductress, Allie Mae Clark; historian, Irene Hicks; secretary, Osce Lou Parsons; Patriotic instructor, Lorraine Roberts; one-year trustee, Hattie Brasuel; two-year trustee, Alice Wilson; and three-year trustee, Mary Hutchinson.

Installation ceremonies will be conducted at the next meeting, April 21.

Guests of the local auxiliary were Mrs. Betty Bixler, president of the Borger group, and the District President, Mrs. Vada Lee Humphries, also of Borger.

Refreshments were served by Mrs. Alice Black and Mrs. Christine Rossi.

## SCHOOL BONDS NEEDED

After looking over the local situation for the past two weeks, The News is convinced that the only way out of a difficult situation so far as the Canyon public schools are concerned is to vote a bond issue. The issue need not be large, since it is believed that \$75,000 will do all that is necessary.

Folks do not like bond issues, but the people of Canyon are up against a situation that cannot wait, and the only quick way to meet our difficulty is to vote bonds.

The school board has bought three good buildings from the Amarillo Army Air Field. These are the well finished buildings, identical with the Band, Speech and English buildings which were moved to the campus of West Texas State. The buildings cost the school \$200 each, but it will take about \$5,000 to run a good foundation and move the buildings to the campus.

However, just moving the buildings here will not put them in use. It is estimated about \$5,000 what it will cost to put these buildings in workable condition. From figures obtained from the college on the work done on the three units moved here, it is found that these buildings will be a real bargain when remodeled for use of the schools.

One of the buildings is a good cafeteria, already partially equipped for service. The buildings are substantially built, with heat and air-conditioning units ready for use. If these buildings are brought to the high school campus, they would be serviceable for a period of time practically equal to the 25-year old high school building.

Two of the buildings would be located on the west part of the campus, where the noise making departments would be located, including the band, chorus, manual training and agricultural department. The school has received several thousand dollars worth of equipment from the government, which cannot be used in these departments because of the lack of room.

The cafeteria would be located between the high school and ward buildings, and connected for immediate use.

Removal of these large departments from the high school building would greatly facilitate class work in the high school building.

Rewiring both buildings is a MUST so far as the children are concerned. The school cannot afford to overlook longer this vital improvement. This cost will run about \$7,000.

While the school trustees have authority to increase valuations in order to do the needed work, just get out your pencil for a minute and see the advantage in voting bonds to do the improvement, rather than increasing values. The big corporations will be paying their share of a bond issue, but should the school board be forced to resort to increased valuations most of the corporations will escape increased taxation.

The News believes that the people of the district will approve of a bond issue to do the necessary work when they are informed of the need of the bond issue, and the use to which the money will be put.

We see that Herman Wright, ramrod of the Henry Wallace outfit in Texas says that the Third Party will put a man in the field against Governor Jester. Many Canyon people will recall Wright when he ran for the legislature from this district. He is a bombastic young lawyer, who is out to revolutionize the world. Young Herman should get together with Wallace and talk things over. Wallace denies that the Communists are backing him for president, Wright says that of course they are, and he welcomes votes from all races and breeds. He is not particular who they are, just so they vote for Henry. Perhaps, if and when Wallace is elected, Herman will become Secretary of State or War. He feels highly qualified to discuss the affairs of state in terms that Wallace has so far failed to hatch up.

Has anybody ever said to you: "You have enriched my life"? It is a fine experience, one worth cultivating.—Eleanor H. Hill, author.

## Good tip for any trip!

Take it from those who know travel and travelers best . . . before any trip, drain out that dirty old winter oil and OIL-PLATE your engine with fresh, new Conoco N<sup>th</sup>!

Conoco N<sup>th</sup> Motor Oil (Patented)\* contains a plus ingredient that acts magnet-like to fasten an extra film of lubricant so closely to metal that your engine's cylinder walls and all moving

parts are actually OIL-PLATED!

And because protective OIL-PLATING stays up there where it belongs . . . won't all drain down even when your engine's idle overnight . . . N<sup>th</sup> Oil extra-protects from "dry-friction" starts . . . from power-choking sludge and carbon due to wear!

For extra-powerful, extra-cool, extra low-cost miles . . .

Delays  
Are Costly

The spring rush of farm work will be here before you realize it. Busy months will then confront every farmer—times when they need all of their farm equipment, and want it in first class condition.

There will be little in the way of new machinery available this spring. Strikes are responsible for this condition.

Farmers are called upon for record food production in 1948. In order to reach this goal, their machinery must be put in first class condition now. Breakdowns during the busy season will be costly.

Make your plans now to have your tractors and other farm equipment overhauled.

CENTREVIEW H. D. CLUB MET  
WITH MRS. H. H. SHIPMAN

"Hedges for the farm homes should be untrimmed when possible," said Miss Lou Ella Patterson to the members of the Centreview Home Demonstration Club and visitors when they met in the home of Mrs. H. H. Shipman Friday afternoon for a lesson on "Windbreaks and Landscaping."

After the discussion the ladies were invited out to see the windbreak and other plantings on the Shipman place.

The hostess served refreshments to the following: Mrs. J. W. Thomas, Mrs. Leroy Roberts and Mrs. Melton McGehee, visitors from Wayside and the members, Mrs. E. W. Schaeffer, Mrs. John Patterson, Mrs. Clayton Devin, Mrs. Rayford Shipman, Miss LaVenia Amerson, Mrs. Serena Bryan, Mrs. A. E. Wise, Mrs. Earl Wesley, Mrs. Sam Bryan, Mrs. S. F. Sharpes and Miss Patterson.

The Poultryless Thursday fiasco will make next Thanksgiving Day memorable for the most acute turkey shortage on record. With wheat, corn and barley soaring, producers

were panicked into killing breeding hens as well as toms. Hatching egg supply is 25% under demand, and the price is up from 30c to 45c apiece.

Albatross III, Government-owned floating research laboratory, will study reasons for recent sharp decline in commercial catches. New England fishing grounds are first on the list. Seven scientists with a ship load of apparatus will locate fish schools near the bottom, record temperature changes, check ocean's salt content and study new uses for fish now discarded as unmarketable.

Agriculture department forecasts of what the average American will eat in 1948 as compared with last year: Meat—143-146 pounds against 154 pounds; fresh fruit—143 pounds against 146 pounds; vegetables—257 pounds against 250 pounds; sugar—100 pounds against 96.5 pounds; milk and cream—386 pounds against 398 pounds.

California fig specialists think they are on the way to produce seedless figs.

Veterans War II  
Hold Insurance  
In Social Security

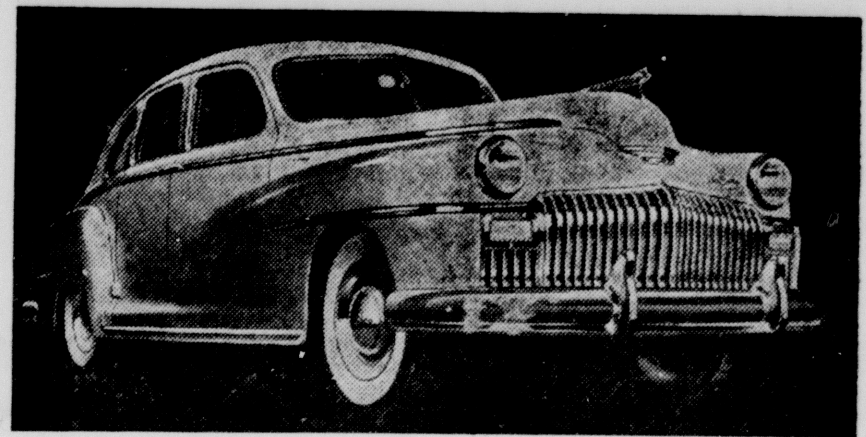

Many people still do not know that old-age and survivors insurance payments under the social security act may be payable to survivors of World War II veterans.

John R. Sanderson, manager of the Social Security Administration Field Office at Amarillo, pointed out that since this protection is based entirely on military service, it is not necessary for the veteran to have held a social security card or to have normally been covered by the Social Security Act. Among those groups which normally are not covered by social security but who are protected by this amendment are agricultural workers, professional men, and the self-employed.

In general, this legislation provides protection to survivors if the veteran served in the armed forces at least 90 days, was honorably discharged, and death occurred within three years of the date of his discharge. The amendment does not provide for benefits to survivors of servicemen who died while on active duty. However, the survivors of servicemen who died on active duty and who had worked in employment covered by the Social Security Administration long enough to be insured may still be eligible for benefits under the regular provisions of the Social Security Act.

Sanderson said that since these benefits are not automatic, claims must be filed at the nearest Social

"It's a present for a mermaid friend of his—a pen that writes under water."

Democratic Leaders  
Are Worried by the  
Truman Weakness

Up to very recently, every column which concerns itself periodically with political matters, took it for granted that Harry Truman would be the unanimous choice of his party for the Presidency. It was unthinkable, on the basis of precedent, that any President who had served only part of a single term would meet serious opposition within his party ranks.

Unthinkable or not, it is happening—and it is not confined to the so-called "Southern revolt" of a number of governors and other officials below the Mason-Dixon line. The party leaders are not too worried about that, on the theory that the solid South will keep on voting Democratic come what may. What has them terrifically worried is that the big city machines, on which Democratic strength in the North is largely dependent, are restive and unhappy. It is reported that some of the machine bosses have said privately that Mr. Truman is a certain loser, and that he should be jettisoned. The bosses are given very polite attention in both parties, for they are realistic, hard-headed men who know what they're talking about.

It is known, further, that some of the national Democratic leaders—the men whose business it is to assay sentiment and anticipate the vote—are completely in the dumps over Mr. Truman's chances. They think he has slipped so far that practically any Republican can win. And they'd very much like another standard bearer.

This does not mean that Mr. Truman has entirely lost his grip on the party. The office of the Presidency is enormously powerful, regardless of what individual happens to hold it, and its occupant is in a better position to put up a fight than anyone else. But it may lead to a bitter battle at the convention—a thing the politicians always dread because of the effect on public sentiment. And it has already produced one curious development—the Democratic leadership is having an exceedingly tough time finding a suitable man to run for the vice-presidency. No one wants to sign on a sinking ship. On the Republican side, to the contrary, aspirants for second spot on the ticket are legion, and the ranks of these hopefuls are still growing.

At Republican headquarters, of course, all is jubilation—the promised land is really in sight after sixteen years of drought. This may be a case of counting the chickens too early, but the Republican optimism is supported by practically all of the commentators, including some who are personally anti-GOP. The unmistakable drop in Truman popularity since he took office, plus the Wallace defection, plus the growing effectiveness of Republican leader-

ship in House and Senate, provide the main basis for the optimism. All that remains, it is felt, is to pick a ticket.

When it comes to that, there has been no great change lately. It is believed that General MacArthur would like to run, but will not actively seek the nomination. His chances aren't considered good in professional quarters. Tom Dewey is moving toward the stretch now, and says he will make his ideas completely clear in a series of major addresses. Taft seems to have weakened—his tour of the country was far from being a spectacular success. Speaker of the House Joe Martin has his adherents, but his nomination doesn't appear probable at this writing. Vandenberg's stock is very high and getting higher. Many think that a Vandenberg-Stassen team would be remarkably strong.

Governor Warren and Senator Saltonstall are regarded as possible contenders for the vice presidency. Warren would like the top spot, and he does have an outside chance for it. But, again, it's not a likely prospect.

The present temper of Congress—and the lack of effective White House control—was shown in the vote on the tax reduction bill. Mr. Truman has strongly opposed tax reduction, but he couldn't hold his own party members when the showdown came, and the vote was overwhelming in favor of it. Too, his request for the draft and universal military training face some exceedingly rough going. Congressional mail is reported to be running 9 to 1 against these proposals, and, in an election year, that is going to have a strong effect on the outcome if it continues. Another big-scale aggressive move by Russia would undoubtedly force their quick passage, but a good many people think that the Bear, as it has done in the past, will take things easy for a time. The Soviet tacticians, the theory holds, don't want American anger to go too far, and they are prepared to be relatively conciliatory on occasion.

Mr. Truman may be taking a new tack. It will be remembered that in the past he has veered from left to right and back again. Now it looks as if he may be steering away from policies which are obviously political in nature, and will attempt to gain a following through stressing matters of a patriotic character which are vital to all the people. He may use the international situation as the basis for a "don't change horses in the middle of the stream" approach. Whether this happens or not, the Republicans have unshaken confidence in their ability to beat him, and badly. Things certainly have changed from the palmy days of Franklin Roosevelt when GOP opposition amounted to a token force.

Mr. and Mrs. J. A. Price celebrated their 50th wedding anniversary.

Congressman Marvin Jones will deliver the college commencement address, according to Prof. B. A. Stafford, chairman of the committee.

A mock trial was held in Moscow by 5,000 officers of the Red Army. God was charged with opposing the successful revolution. Leon Trotsky participated in the trial. A unanimous verdict of guilty was returned by the Red officers.

According to the published statements of the First National and first State Banks, the deposits of the two banks amounted to \$644,888.80.

The Ford Motor Co. announced an installment plan for buying cars, with as little as \$5 per week buying a car. Kuehn & Farlow are the local dealers.

Mr. Truman and George Marshall, Secretary of State, have closed their minds to a meeting with Joseph Stalin until U. S. has succeeded in stopping Russian expansion. U. S. policy rests upon the basic thesis that no agreement with Russia is worth the paper it is written upon unless Russia first is convinced that she is checkmated.

Henry Wallace's campaign for peace, finds that Communist parties all over the world also are campaigning for peace and against war, even as they're organizing their fifth columns and arming private armies. In Italy, the party's theme is that a vote for Communists is a vote for peace, whereas a vote against them—and for U. S.—is a vote for war.

James Forrestal, Defense Secretary, is finding it relatively easy to get admirals and generals of the Navy, Air Force, Army to agree on assignments of tasks in a unified Defense Establishment. The reason is that the various services are assured of more money and don't find it so necessary to battle one another furiously for the biggest slice of the taxpayer's dollar.

John Snyder, Secretary of the Treasury, is expected to resign early in July to accept a bank presidency. Mr. Snyder is playing somewhat less of a role in White House councils, now that emphasis has shifted from domestic to foreign affairs. State Secretary Marshall is the President's most trusted adviser at this time.

Gen. Douglas MacArthur is showing enough spontaneous strength among Republicans to give concern to Governor Thomas Dewey and Senator Robert Taft, leading delegate holders. One astute Republican leader, who estimated the MacArthur chances at under 5 per cent not long ago, now rates them at 30 to 35 per cent.

A little man came into the office of a psychiatrist.

"I was wondering," the little man said timidly, "if you couldn't split my personality for me."

The doctor looked puzzled. "Split your personality? Why would you want that done?"

Tears tumbled down the little man's face. "Oh, Doctor," he wailed, "I'm so lonesome."

### Fairview Breezes

Brother Wayne Wilcoxon delivered 2 fine services Sunday. Those seen in Canyon Saturday

were: Mr. and Mrs. G. E. Wesley, Mr. and Mrs. H. H. Shipman and children, Mr. and Mrs. E. W. Schaefer and Annabelle, Mr. and Mrs. S. F. Sharpes and children, Mr. and Mrs. Alvin Wesley, Mr. and Mrs.

A. E. Wise; Mr. and Mrs. J. W. Wesley, Misses Vesta and LaVena Amerson.

We were glad to have such a large crowd out Sunday morning for Sunday School and preaching services.

Mr. and Mrs. E. E. Wesley, Artis and Obe Saul were Sunday luncheon guests in the J. W. Wesley home.

Mr. and Mrs. G. E. Wesley were Sunday visitors in the H. H. Shipman home.

There were 117 men registered at the Brotherhood meeting at Wayside Tuesday evening. All report a good time with plenty to eat. The date for the meeting at Fairview was set for Tuesday evening, April 20. All men are welcome to come and bring a covered dish.

Mr. and Mrs. Pat Allen and Petty visited Saturday night and Sunday in the S. F. Sharpes home.

Misses Vesta and LaVena Amerson and Mr. and Mrs. J. W. Wesley called Saturday evening in the R. O. Amerson home.

### METHODIST CHURCH

Rev. Hubert Thomson closed two weeks revival at Tulia Sunday and will return to his pulpit next Sunday.

The Fourth Quarterly Conference of the local church was held Sunday evening at 6 o'clock, conducted by the District Superintendent, Rev. E. D. Landreth. Rev. Landreth preached at the evening service.

Rev. Edd Wallace of Shamrock preached to a large congregation at the Sunday morning service.

Women are better equipped than men to talk easily and well. Their speech mechanism is more rugged. That is why fewer girls stutter than boys. However, whether the better voice mechanism may account for any tendency of women to be more talkative is another matter.—Dr. Martin F. Palmer, president, American Speech Corrective Association.

America today is in a position of unparalleled physical, if not spiritual, eminence. No other nation in all the history of the world has so towered over the others like a colossus.—David L. Cohn, Mississippi author.

Red-haired Nancy Bell, freshman from Dalhart, was elected last week as Queen of the Second Annual T-Anchor Roundup, sponsored by the WT Aggie Club, which will be given Saturday.

Nancy is well qualified for the job of being a rodeo queen since last summer she was queen of the XII Rodeo celebration in Dalhart.

The Aggies also announced the prize list for the winners in the rodeo.

The Canyon Chamber of Commerce is to sponsor a \$50 belt and buckle set, to be given to the best all-round cowboy entered in the rodeo.

Other prizes announced are \$25 belt and buckle sets, to be awarded to champions in the following events: saddle bronc, set donated by Warren's; bare back bronc, Bob's; calf roping, Cooper's Market; ribbon roping, Thompson Hardware; bull riding, Taylor's Market; and an \$18 belt and buckle set donated by the Buffalo Drug, is to be given the winner of the cowgirl sponsors contest.

Cash prizes will be awarded to the day winners in each event, and the belt and buckle sets will be given to only the champions.

The rodeo queen will set the pattern for the cowgirl sponsor contest, and will therefore be ineligible to enter.

Richard Bales, son of Mr. and Mrs. O. J. Bales, students of WT, has been chosen as mascot for the celebration. Richard is four years old.

For the parade to be held Saturday afternoon at 1 o'clock, the Buffalo Band will march along with the Range Riders of Amarillo and possibly the Sheriff's Posse of Clovis, New Mexico.

Admission to the show will be one dollar for adults and 50 cents for children. College students will be admitted for 50 cents provided they show their activity tickets when they purchase the ticket and again at the gate.

## Three Performances For 'Ruth' Planned

"Dear Ruth," dramatics department production, will be presented Wednesday and Thursday night, April 14 and 15, at 8:15 o'clock and Friday afternoon, April 16, at 1:30 in the Branding Iron Theatre of the Speech Arts Building, announced W. A. Moore, dramatics instructor, Friday.

A dress rehearsal of the play will be conducted tonight, Moore said, with the college faculty invited as special guests. A coffee will be served in the Green Room of the Speech Arts Building following the rehearsal with Moore and Crannell Tolliver, head of the speech department, serving. Mesdames Moore and Tolliver and members of Eta Iota Chapter of Alpha Psi Omega, national dramatics fraternity, will assist.

Members of the Plains Personality Pageant will be special guests at the Friday afternoon performance.

Presented in intimate theatre style, the scenes will be carried out in the movie technique without the use of curtains. Scenery will be almost wholly suggestive, Moore explained since the Branding Iron Theatre is scheduled to undergo a remodeling soon.

"Dear Ruth" cast will consist en-

tirely of members and prospective members of Alpha Psi Omega. Members of the cast will include Phyllis Perkins, graduate from Pampa, playing the role of Ruth and Sybil Ann Gillis, Sophomore from Canyon, portraying the part of Miriam, the leading comedy role.

Playing the male lead, Lieutenant Seawright, will be Jack Worsham, freshman from Adrain. Charles Bruce, sophomore from Vega, will play the role of Albert Kummer, the male comedy lead. Mr. and Mrs. Wilkins will be played by Lynn Harwell, freshman from Vega, and Jean Smith, junior from Canyon.

Playing the part of Dora, the colored maid, will be June Brown, senior from Farnsworth. James "Rosey" Bates will play the role of Sergeant Chuck Vincent, with Beth Kimbrough, sophomore from Canyon, playing the part of Martha Seawright. Jim Bill Caldwell, sophomore from Miami, is cast as Harold Klobmeyer.

Jett Byerly, sophomore from Levelland, has understudied the part of Ruth during the rehearsal period, and will play the role in the Friday afternoon performance.

### LEATHERCRAFT SCHOOL HELD IN J. V. WILLIAMS HOME

Mrs. J. V. Williams gave demonstrations in a leathercraft school held in her home on Thursday morning, April 8, at 10:00 o'clock for representatives of county home demonstration clubs and members of the Park H. D. Club.

Demonstration included the different tools used in leathercraft, kinds of leather suitable for tooling, and lacing to be used. Then steps in making a bill fold and belt were shown.

Mrs. W. S. Bennett tooled a belt at the school. Many patterns were cut.

Fresh strawberry pie and coffee were served to the following: Mrs. Robert Fulton, Highland Club; Mrs. W. S. Bennett, Zita Club; Mrs. R. A. Burrus, Westside Club; and Mrs. H. A. Simon, Mrs. Frank Simon, Mrs. Leonard Winters, Mrs. O. E. Wineinger, Mrs. J. H. Bartlett, Mrs. Flynn Winters, Mrs. O. E. Shearer and the hostess, all of the Park Club.

Whenever President Truman reads from a sheaf of typewritten pages, all warmth and informality vanish. But let him, on the other hand, get up at a Gridiron dinner or at some other affair where he feels he can be himself, and he almost invariably charms his audience. The words flow freely, and there is a melodious quality to his voice.—Edward T. Follard, Washington newspaperman.

### CITATION BY PUBLICATION STATE OF TEXAS

To: J. W. Broyles, if living, and if dead, his heirs, their heirs and legal representatives,

GREETING:

You are hereby commanded to appear and answer Plaintiff's petition at or before 10 o'clock A. M. on the first Monday after the expiration of Forty-Two (42) days from the date of issuance of this citation, the same being Monday, the 10th day of May, A. D. 1948, before the Honorable District Court of Randall County, Texas, at the Court House of said County, in Canyon, Texas.

Plaintiff's petition was filed in this suit on the 27th day of March, A. D. 1948, the file number of said suit being No. 2035. The name of Plaintiff in said suit is J. A. Duni-ven, and the name of the Defendant is J. W. Broyles, if living, and if dead, his heirs, their heirs and legal representatives.

Plaintiff sues in trespass to try title for the following tract of land, located in Randall County, Texas, and more particularly described as follows:

All of Lot No. Eight (8), in Block No. E, of the Broadmoor Addition to the City of Amarillo, Potter County, Texas, according to the map or plat of said Broadmoor Addition, of record in the Deed Records of Randall County, Texas, to which reference is here made.

By Second Count, Plaintiff claims and asserts title to said property and premises under and by virtue of the Ten-year Statute of Limitation, alleging that he has held peaceable and adverse possession of said premises, using and enjoying the same, and paying taxes thereon for a period of more than Ten (10) consecutive years next prior to the filing of this suit. Plaintiff prays judgment of the Court establishing title in him to said land and premises and for general and special, legal and equitable relief.

If this citation is not served within Ninety (90) days after date of its issuance, it shall be returned unserved.

Issued this 27th day of March, A. D. 1948.

Given under my hand and seal of said court, at my office in Canyon, Texas, on this the 27th day of March, A. D. 1948.

T. H. LAIR,  
Clerk of District Court,  
(Seal) Randall County, Texas.

## Students Select Burrus, Aven

Prince and Princess To Be Attendants at Coronation

Austell Burrus and Martha Jean Aven will represent Canyon High School as personality Prince and Princess at the coronation of their majesties, personality King and Queen of West Texas State College, Friday, April 16, at the presentation dance.

Different high schools throughout the Panhandle select two seniors to attend the personality King and Queen of West Texas State. The program will be as follows: 1:30 p. m. The College Speech Department will present a two-act play, "Dear Ruth" at the Branding Iron Theater. At 3:30, and informal tea will be given by the Inter-class Council. The presentation dance will begin at 8:00 and the coronation ceremony is to begin at 9:15.

### Elected Friday

Austell and Martha Jean were elected last Friday. Tommy Hunter and Frances Standley being runners-up. Austell is a three-year letterman in football, placing on the second all district team in 1947 as center and made all-district end in 1948. Also a three year letterman in basketball, and serving as Captain in '47. Austell placed on one all-tournament team in '48 and two all-tournament teams in '49 as well as all-district and all-regional center. He was class president of his Junior Class and Class Favorite of his Sophomore Class. He was a member of the Junior Play Cast last year and is Student Faculty Congress President this year.

### Martha Aven Wins

In Martha Jean's freshman year, she was class favorite, and in her sophomore year, she was FFA Sweetheart and Yell Leader as well as Football Queen attendant. She was in the Junior Play Cast and this year was Daisy Mae in the LIT Adner Assembly and Yell Leader. She is also Captain of the basketball team of which she is a two year letterman and has placed on three all tournament teams during this time, making second all-district forward in '47. She has lettered four years in volleyball.

### TIMES A'WASTIN'

Here we are again, with this year's schooldays almost gone. To be exact, there are only thirty more days after this week. To some of us, there are only thirty more days in our whole high school careers. When you actually start thinking about it, you may realize that you have just a few more weeks to enjoy your high school days. Don't you think you should make the very most of it? And even if you still have a few more years, don't you think you should make the last few weeks of it something to remember? As always towards the end of school, there are always parties, picnics, dances, or almost any kind of entertainment one could name, going on to hinder us from studying and making our A's that we are striving for toward the end of school. Actually, that shouldn't bother us at all, if we use every study hall, idle period and spare minute we have to get our studying done and then go to the party. It isn't a very pretty thought when we picture going to the picnic, worrying constantly about not having our geometry assignment, then coming home and cramming for an English test and finally crawling into bed in the wee hours of the morning. Forget this picture and really get to work before time to go somewhere in order to leave a good impression on the school as well as to have a clear conscience.

### Gordon-Cummings Farm Is Place of Chemistry Picnic

Is the water too cold for a swim in April?  
"Burrus, yes, it is too cold" agreed the girls when they found themselves pitched into "ye ole Swimming Hole" out at the Gordon-Cummings place west of Canyon last Thursday, when they were introduced to the first part of the picnic program.  
The chemistry students and Mr. and Mrs. M. K. Young made "it a date" for the spring outing.  
The crowd chose sides and played baseball after the ducking, and finally concluded the event with a weiner roast.  
Tired but refreshed both in minds and body the group returned, determined to learn all about what they don't know about chemistry in the next six weeks.

## Jones Hales Wins Grand Champion

By Clifford Burtz

Plainview, April 12—Jones Hales won all divisions of the Holstein-Friesian Dairy Cattle Show here today including the Grand Champion Female of the Holstein-Friesian breed, with his small, but outstanding dairy herd.

Jones was the owner of the best junior heifer, the best senior heifer, and the best junior yearling heifer, which was the Grand Champion Female of this breed.

In the Dairy Cattle Contest, which is held in combination with the Plainview Dairy Show, the Canyon team placed thirteenth among the twenty-five teams entered. James Bible, a senior student, rated high-point for the Canyon team.

Plainview's judging team won high honors with a very high score. Wade Thompson, a senior student of the Dimmitt High School, was the high-point man of the contest.

## Grade Notes

6-1 under the direction of Mrs. Pearl Iverson, wrote and presented a play entitled "A Backwood's Quarrel." The play was presented to fourth, fifth, and sixth grade students and their parents Monday, April 12. It depicted times after the war between the states, and showed that it is better to live in peace than for the Northerners and Southerners to fight. This phase in the history of America was studied last semester by the students of 6-1.

Mrs. Bonner served angel food cake to 5W on Thursday in honor of Bonnie Bonner's birthday.

William Pond and Elizabeth Cook have been absent from Mrs. John Davis's sixth grade this week due to illness.

David Lee Richardson and Burton Davis have returned to school and classes in Mrs. Tom Brasher's fourth grade after recovering from the mumps.

Jan Cook withdrew from Mrs. L. M. Cousins' fourth grade Friday to move to Hereford. This group has been working on a unit about Norway.

Mr. and Mrs. W. C. Bowen served cake and ice cream to Mrs. A. K. Goodman's third grade in honor of their son, Charles's birthday. Mrs. E. A. Michael and Mrs. M. E. Cleavenger visited this room Thursday.

Second grade students in Mrs. Roscoe Davis's room have been studying a unit on cotton. They made a "Rabbit's Tale of Cotton" in connection with this.

David DeVaney added a goldfish and a butterfly to the group of exhibits on nature study in Mrs. T. W. Collins' first grade. Danny Winters withdrew from this room Thursday to move to Houston.

Lawana Mitchell entered Mrs. Joe Black's first grade Monday. She comes from Ramble, Texas.

## McCarter Places First in Contest

Billy Joe McCarter wins first place and the \$5 award in the Junior Division of the judging contest at the annual Dairy show in Amarillo last Thursday. Donnell Rutherford placed second and received a prize of \$3, while Albert Craig was third, taking the prize of \$2.

All the boys of the agriculture classes of Canyon High attended the show and entered the contest. The winners in the Junior Judging Division were from Canyon chapter.

By the experience gained in this judging, Mr. T. L. Devin, instructor, checked the results, and averaged the percentages that each entrant made from these averages he selected his judging team for the Plainview Dairy Cattle Judging Contest.

### ENTER AT YOUR OWN RISK

Several miles past the outskirts of Skumville we come to a smaller town known as Flowerdale. Before entering this town we see a large sign which clearly warns the boys of Skumville that they aren't wanted and if they should drop in for a visit, an escort is assured them part of the way home. Of course, this is the same treatment that the Flowerdale boys receive when visiting in Skumville and the fault isn't tossed entirely on either town. It's divided half and half; each town getting an equal portion.

This could go on for years or at least until one of the neighbors realize how perfectly ridiculous the feud is, since the reason hasn't been definitely decided.

Flowerdale and Skumville are neighbors and will be for eternity. The question is, will the feud end? As neighbor to neighbor, it's up to us.

Did you know we have only thirty-two more school days in this nine month session? For some it will be the end of high school and for others it will only mean three months vacation.

## Freshmen Have Weiner Roast

Canyon's Country Club was the place of the Freshmen party last Friday evening. Fifty-five pupils were present plus the room mothers and teachers which made it sixty-three.

Baseball and football was the main attraction throughout the evening. The room mothers supervised a weiner roast, with cold drinks, and potato chips.

Roommothers going were Mrs. Ross Craig, Mrs. Grace McDougal, Mrs. Bill Money, and Mrs. Jim Carter, and sponsors Mr. and Mrs. Perry Bell and Mr. and Mrs. J. E. Miller.

## Tracksters Place Fourth In Meet Held Saturday

Placing fourth in the District 1-A track meet, Coach R. D. Wheelock's Eagles accounted for 17 1/2 points to the winning team's 39 points. Dalhart was the opponent.

Canyon High's relay team sped to first place with a time of 48.4 seconds. The team was made up of Lee Bailey, Bobby King, Wayne Prichard, and Clifford Burtz. Lee Bailey, Canyon High speedster, topped two second places besides running a leg on the relay team. He placed second in the 100 yard dash which was won by J. N. Bramlett of Dumas with a time of 11 seconds. Bailey also placed second in the 220 yard dash which was also won by Bramlett with a time of 24.9 seconds.

### Hickman Is Third

Don Hickman of Canyon High placed third in the 880 yard run which was won by Royce Dowell of Dimmitt with a time of 2 minutes and 14 seconds. Gerald McDuff took fourth in the mile run which was won by Richard Christy of Dalhart in 5 minutes and 19 seconds.

In the field events, Canyon was hampered in the shotput and discus by the absence of Jimmy Lindsey. In the pole vault, little Joe Abbott vaulted to the height of 9 feet and 8 inches to place second behind Dimmitt's Carl Jowell who reached a height of 10 feet.

Marvin Fite and Billy Cleavinger lost in the boys doubles to Ned Doller and Billy Joe Dunn of Dumas. In the boys singles, Elbert Ashby bested Richard Walters of Canyon, 6-0, 6-0.

Dalhart gained 41 points to best Dumas who ran second with 39 points. Hereford's Whitefaces finished third with 23 points. Dimmitt followed Canyon with 17 points and Tulla placed last with 15 1/2 points.

## Jo Bullard Takes Test on Career

Psychological and intelligence tests were taken by Jo Bullard at the Veteran's Hospital in Amarillo to determine the type of career she was best suited for. These tests, taken April 2 and 9, covered fields of math, English, science and government.

Jo, a senior at CHS, classed in the upper fourth of the test ratings. Her weaker points were shown to her and explained by Mr. Cooper, the advisor there. Jo plans to be a psychiatrist and Mr. Cooper agreed with her that her interest in people would take her far in that field. "I believe that every high school boy and girl should take these tests in order that they may know in which field of life they are best suited," said Jo.

## Officials Inspect Southern Schools

Superintendent E. A. Wooten, Mrs. Dan Sanders, secretary of Canyon Public School Board, and Mrs. Ed Harrell, recently elected member to the board, and Mr. Frank Morgan, registrar at West Texas State College, went to Commerce, Texas, last Sunday to inspect the campus of East Texas State Teacher's College and the Commerce Public Schools.

The vocational agriculture department, the manual training department, and the music and band departments of the Commerce Public Schools were found to be outstanding. The group had lunch in the public school cafeteria which had very good facilities.

Mr. Morgan, former superintendent of Commerce Public Schools, made the trip in order to compare WTSC and ETSC notes and policies.

The fact is Czechoslovakia is an acid test of sincerity. Those who seek to condone this crime show that they are false to the principle of democratic socialism for which the Labor Party stands.—Herbert Morrison, British deputy prime minister.

## SOCIETY SUE

Thursday was "levi" day for the freshman girls. The cause was a picnic at the Canyon Club.

Patsy Sanford came out with a beautiful cotton shirt with her levis. It was colorfully figured in Hawaiian scenes.

Dana Rice really isn't two-faced. That was just her cute hat with the monkey's face on it you saw last week.

Jeneva McDougal looked very chic in a green and yellow dress figured with Dutch windmills and designs.

Among those wearing spring ballerina skirts was Betty Thomson, who wore a lovely gray chambray.

Some of our boys are fashion wise too. Virgil Martin appeared in a bright skirt with the emblems of famous baseball teams decorating it.

Did you know we have another set of twins in CHS? Frances Standley and Martha Wilson are striking in their red and green "twin" dresses.

And speaking of twins, Sue and Fay Dickerson are very fashionable also, especially in their blue, yellow, and pink plaid dresses.

Mr. Devins is really exclusive in his ties. One is a scene of wild geese ascending from a lake. If you haven't seen it, you are really missing something.

The boys' latest fad is crew haircuts. Some of them having cuts are Jimmie Lindsey, Gwen Davis, Marvin Cornette, and Billy Cleavinger. Mickey King came out with a Cherokee strip cut this week. Boys, wouldn't you please wear hats until it grows long again?

Jerry Foster was sporting a very cute pair of gold pins designed as Dutch wooden shoes.

Robin Hood shoes are very popular in CHS, it seems. Valeta Haines' blue and brown ones and Jaynee Forester's green ones are among them.

Oh, did anyone notice Barbara McDougal's new hair-do last week? It goes beautifully with her "new look" dresses.

Well, these are the fashions for this week.

(Editor's Note: This is the first publication of a fashion column to be run for the remainder of the school year. Please give your opinions of it to some member of the staff.)

### Eagles Honored at Reception

Coach and Mrs. R. D. Wheelock honored the football, basketball, and track boys of 47-48 season with a reception and theater party last Tuesday night. The reception began at 5:30 and lasted until 6:30, after which the boys went to the show.

The Eagle's Tale and Press Club will turn out only five more papers this year.

Visiting in the halls of CHS, Friday, was Dr. James Fite of Plainview.

Mr. J. Thompson conferred with Mr. E. A. Wooten, Monday, on plans for new buildings to be added to CHS. Mr. Thompson will draw up the final plans for this.

## Demonstration Gives Pupils New Ideas

Mr. and Mrs. Allen took us behind scenes in radio April 7, showing us what part the sound effects man plays in radio. Mr. Allen doubles for birds, crickets, etc. We'll all be listening for his imitations in the comedies in the future.

They explained to us about controlled applause in radio and signalings that every program is timed to the split second. "Fifty per cent of radio is imagination with the background of the sounds, making it realistic," so says Mrs. Allen.

They showed us how records were used to create a scene in our imagination, and how more than one can be used at a time. They showed us a new record called vinylite which is a recent recording material very flexible.

Mrs. Allen played the piano, accordion, talking words to Navajo Trails, with Mr. Allen giving sound effects. We all know much more about radio, and its many wonders, and thanks to Mr. and Mrs. Allen, we won't be completely perplexed when unusual sounds assist players over the radio.

## Findley Reviews Book of History

Mr. Joe Findley reviewed Sheril's abridgement of Toynbee's "History of America" in the Classroom Teachers meeting last Tuesday in the Homemaking department.

During the business meeting, officers for the coming year, 1948-49, were elected.

Mrs. Andy Walsh was elected to hold the office of president; Mrs. T. E. Beard, first vice-president; Mrs. R. E. Ball, second vice-president; Mrs. Dan Uesery, secretary and Mrs. Perry Bell, treasurer.

Refreshments of frosted cakes and angel food cake were served by the host and hostess, Mr. Milton Sanders and Miss Lurline Bowman.

"Would you," I asked my son, "go with a girl who preferred oleomargarine to butter?" "Of course not, mother," he replied.—Mrs. Marsden Senna, Chicago.

## Vocal Contests To Bring 1000 Students Friday

M. J. Newman, director of WT bands and district contest director, announced last week that the Interscholastic League Vocal Competition Festival will be held here on the campus Friday.

Around 1000 high school students from over the Panhandle area are expected to attend the one-day meet, Mr. Newman said.

This is the first time a meet of this sort has ever been held here on the WT campus and only the second year the Interscholastic League has sponsored the contests, he said.

The choral contests, which include mixed choirs, and boys and girls choruses, will be held in the auditorium of the Administration Building, and will begin at 8:30 o'clock Friday morning. Miss Ada V. Clark of the Demonstration School is chairman of this contest, assisted by Dr. Wallace Clark, head of the music department; Matilda Gaume and Mae Coffee. Judges for this event are Euell Proter, Sam Houston State; Henry Hobart, Phillips University and Vocal ensembles will hold their contests in the Education Building auditorium and will also start at 8:30. Glenn Truax is chairman of this contest with Mrs. Margaret Harper and Dan Gillham as assistants. Dr. W. H. Hodgson, North Texas State will judge the contest.

Sight reading contests will be held in the Band Building, and will commence at 10:30 Friday morning. Pauline Brigham is chairman of this contest with Mrs. Margaret Harper and Dan Gillham as assistants. Dr. Hodgson will also judge this contest.

Warm-up rooms will be furnished for those who need them, but a time limit of fifteen minutes has been set, to provide room for all the choirs and ensembles attending.

Presentation of the awards is scheduled for 4:15 p. m. in the Administration Building Auditorium. Judges ratings will be announced as soon as they are available in the auditoriums where the groups have performed, and on a bulletin board on the first floor of the Administration Building.

## World Traveler To Speak Sunday a. m. on Methodist Hour

DR. DANA DAWSON

After a recent trip around the world, Dr. Dana Dawson, pastor of the First Methodist Church, Shreveport, Louisiana brings to the listeners of the Methodist Hour on Sunday morning, April 18th an optimistic message on "What's Right With the World."

As pastor of a downtown city church with a membership of more than 4,000 persons Dr. Dawson has a grasp of the cross-currents of thought which are affecting our entire national life and speaks out of the experience of this successful pastorate.

The Methodist Hour is on the largest independent network ever to carry a 13 week series of worship services sponsored by the Methodist Church, and makes available to listeners in all states of the Southwest and South Central Jurisdictions of this church stimulating messages from nationally known leaders of the church.

Music by the Methodist Hour Choir for this broadcast of Dr. Dawson's will feature the hymns "Heralds of Christ," "The Kingdom is Coming," and "Fairest Lord Jesus."

This network radio program can be heard over KGNC at 7:30 a. m.

When people used to ask me why I lived for 20 years in Paris, I always said: "Because it reminds me of Kansas City." Of course, what I really miss in Kansas City today is the neighborly jostling of culture, religion, and low-life that I saw on the fringes of the downtown district in my youth and that one still sees in every street and quarter of Paris—Virgil Thompson, composer.

When Clare Boothe Luce visited George Bernard Shaw in London, she found him writing as she entered.

"Mr. Shaw," began Mrs. Luce, trying to flatter him into thinking she had come to Europe for the sole purpose of seeing him, "You are the only reason I am standing here."

Shaw replied: "Who'd you say your mother was, my child?"

## Letter From The Reader

Canyon, Texas  
9 April, 1948

Mr. Clyde Warwick  
Editor, Canyon News  
Canyon, Texas

Dear Sir:

This letter may be submitted with a view entirely out of scope with the general thinking of the people of Canyon but nevertheless a person has a right to express an opinion and opinion expressing has become a rare item in this community.

This article was prompted by the editorial in the last issue of the Canyon News in which the current school problem was presented. I was well pleased to see this appear and more items of local nature should be taken up in such a manner.

To get to the point, it is mainly that it is time that Canyon and her citizens wake up to the realization that if we are to progress—and we certainly should—we must have action by which we can bring about a betterment of all public interests and prepare ourselves and this community for a great future.

It is true that Canyon has doubled in population since the war but unless something is done and done soon, we may find ourselves unable to adequately cope with the advantages that are naturally given to us and upon which we should capitalize. To promote such activity would take the complete interest and faith of every person now residing in this area and the leadership ability of people who are unafraid to pick up a challenge and carry it through to success.

Since Canyon is growing now and indications are that it might continue its present upward surge, certain steps should be instituted and listed below are 5 principal points of action, namely:

1. The city managers should take a clear and intelligent view toward future city planning and make available a city that would be attractive to future citizens.

2. Canyon citizens should take more interest in the affairs of West Texas State and to her advancement. After all, the college is the heart of the city and a source of an enormous amount of the monetary force.

3. There should be a modernization of the public school system with the goal of a new high school and consolidation of the two present high schools so as to offer the maximum of educational opportunities to the youth of Canyon.

4. There should be a program started for recreational facilities such as a park, a youth center and a community center. All these things will be greatly needed in case of further expansion.

5. And last, but by no means least, the Chamber of Commerce should take on the air of an ACTIVE organization and take advantage of the wonderful opportunities which surround Canyon by which they could render public service, advancement and publicity for the city. One might just come out bluntly and say that this organization has been sitting idly by these past years while other Plains cities such as Hereford, Perryton, Dalhart, Memphis and Plainview have forged ahead under the whip of an aggressive Chamber of Commerce. It is granted that our own C. of C. has been holding meetings and no doubt they have had some nice luncheons and possibly even learned a new joke or two—but that isn't progress.

This letter isn't written with bitterness intended but rather as a reminder that Canyon had better get on the ball and be a city and not just a dead community where the only activity comes from the ugly sound produced when one selfish interest neatly slices the throat of another.

Sincerely,  
Vaughn Vandergriff.

## College Students Admit Offenses

### Texas Survey Reveals They Are Just Better at Covering Trails.

ST. LOUIS, MO.—College students indulge in the same juvenile delinquency offenses as boys and girls who do not have the opportunity for higher education, but only a few of them ever get into court, says Austin L. Porterfield of the department of sociology of Texas Christian university.

Writing in the Christian-Evangelist, a national weekly church publication, he cites a study of 2,049 alleged delinquents in Fort Worth, Tex., and of 337 college students in three schools in northern Texas.

"It is a striking fact," says Porterfield, "that 100 per cent of the men and women in college reported doing at last one of the acts that had been serious enough to get less fortunate boys and girls into the courts, but instead of getting into court the former went to college."

#### Everyone Guilty.

The average college man reported doing in his pre-college days 17.6 per cent of the acts charged against court cases, the average college woman 4.7 per cent of the delinquent acts.

Not one acknowledged less than three kinds of delinquent acts. Specific juvenile offenses which got into the court records varied all the way from shooting spit wads to murder.

Students, answering questionnaires anonymously, freely reported delinquencies of the same kind.

These students in their pre-college days "disturbed church, turned in false fire alarms, tripped trolleys, threw rocks at cars, set off fireworks in public buildings, drove while intoxicated, stole automobiles, bicycles, money, shoplifted, burglarized houses, forged checks, gambled, passed slugs and bad coins, had pre-marital sexual intimacies, attempted rape and so on."

#### They Have a 'Drag.'

Thirty-nine per cent of the men and 3 per cent of the girls reported drunkenness before enrolling in college, Porterfield disclosed, and 43 per cent of the men indulged in drunkenness during their college days.

Porterfield concludes that pre-college students do not suffer the penalties of these offenses because they have plenty of persons who "go to bat" for them, friends in the home, school, church and community.

Community planning coupled with church responsibility must provide the necessary constructive leadership, he concludes, to afford delinquents the same breaks given college-bound boys and girls.

## Egyptian 'Sells' Street Car To Villager as Investment

CAIRO, EGYPT.—American bluesy artists have joked for years about "selling" Brooklyn bridge. But it remained for an Egyptian to "sell" a street car.

Ramadan Abu Zaid, the man who did precisely that, has just been released from prison after two and one-half years at hard labor.

His feat, which was the talk of Cairo, won him the sneaking admiration of many British and American soldiers who were here at the time.

Abu Zaid met his victim, a villager from Upper Egypt, at a local sidewalk cafe. When the villager confided that he had sold his house and donkey and had come to Cairo to invest the proceeds in a profitable business venture, Abu Zaid suggested that a street car would be just the thing.

He took the villager riding on No. 30, one of the most crowded street car lines in Cairo, and convinced him that he would make a fortune.

The villager paid 80 pounds—about \$250—in return for Abu Zaid's "deed of sale."

The crime was discovered following a fight the villager had with "his street car's" conductor, who refused to hand over "his profits" to him at the end of the line.

## Sane Man, Freed by Asylum, Now Faces Murder Charge

SPRINGFIELD, MASS.—A sane man who for almost 22 years walked among maniacs in a Massachusetts institution for the criminally insane has been restored to the normal world. But he is not yet free.

The man is Richard A. Bearse who—almost a quarter of a century ago—murdered his mother in a crime that shocked the country.

Then a brilliant young Springfield engineer, he was found kneeling over the body of Mrs. Etta A. Bearse on the morning of August 8, 1926, in the Bearse home.

Investigators said she had been tortured and mutilated by her son through a whole night of terror, and finally died with Richard's strangling fingers around her neck.

Now Bearse is to be placed on trial for that murder.

In the interval, he has been in the Bridgewater State Hospital for the Criminally Insane. For all but three months of those 22 years, alienists now say, Bearse was sane—a man with a healthy mind living among lunatics.

The taximeter was invented in 1895.

## Washington Newsletter

(By Con. Eugene Worley)

I am glad to report further progress in connection with enlargement of the Veterans Hospital at Amarillo. In a conference with the President at the White House last Wednesday, he personally assured me of his approval and full cooperation in securing early action. As advised last week, I have already introduced necessary legislation to increase the capacity to 500 beds and hope to secure the earliest possible Congressional approval.

Another matter of vital importance to farmers and ranchers of the Panhandle is passage by the House last week of the bill providing for research on the Foot-and-Mouth Disease virus. The efforts of this government in cooperation with Mexico in stamping out the disease in Mexico have not been nearly as successful as either country had hoped they would be. The only known way to positively stamp out the disease has been slaughter and immediate burial of infected and exposed stock. Should the disease spread into this country, it has been estimated that land values in Texas alone would drop a billion dollars. The States and Federal Government would have to begin immediate slaughter and burial of infected livestock. The result of this would not only be the actual loss of the cloven hoofed animals themselves but would also create greater scarcity of meat supplies. Quarantine lines would be necessary with a resultant freezing of many types of commerce between Mexico and the United States and among the States themselves.

The purpose of the legislation is to set up a research laboratory with the hope of finding a preventative or cure for this dread disease. It will be staffed by top-notch scientists. In order to eliminate as much danger as possible to our own livestock industry, the bill provides an island site shall be used. Scientists have assured Congress that every possible safeguard will be taken and the quickest possible work will be done. The disease is now within 300 miles south of the Texas border. So far the quarantine line established at that point has held but this country cannot afford to overlook any step designed to confine the disease to Mexico and continue every effort to eradicate it from that country. The Senate will probably adopt the House bill this week.

Somebody has said that knowledge is a wonderful thing. Why—, if it wasn't for knowledge, we wouldn't know a thing!

Similarly—folks are great; we couldn't get along without 'em.

Recently your columnist was to speak at the annual dinner of the Chamber of Commerce in Falfurrias and had journeyed by bus as far as San Antonio when I ran into Bill Purey, Hillsboro publisher, in the Gunter lobby and he was on his way to Edinburg and so I caught a ride to Falfurrias.

Coming back, I'd gotten as far as Austin by bus, stopped over for a few hours, ran into Carl Bruner, a friend from Cowntown. He and his

son, Paul, veteran—and graduate student at the University of Texas, insisted—they didn't have to insist very strong—that I ride back to Fort Worth with them.

Not only that but I'd stopped in San Antonio (on the return trip) to see Col. Ray Leeman, executive vice president of the South Texas Chamber of Commerce, and tell him what a good job Ray Jr., is doing as Falfurrias CofC manager but it was noon so I thought I'd have lunch, then phone the Colonel. So I went into the Manhattan Cafe, had my favorite dinner (the seafood platter) and, just as I finished, the man next to me at the counter got up and, one seat over, sat the man I'd stopped in San Antonio to see—Col. Leeman.

And I was so clumsy that he picked up my luncheon check.

Folks are great. I don't see how a fellow could get along without 'em.

American history has been marked by the passing of the Indian, the passing of the buffalo and the passing of the buck.

Something should be done about people that are late to shows and programs. And Alfred Lunt, the famous actor, does. Several years ago, I was attending a Shakespearean play and the first act had been going on for 10 minutes when a couple entered. Of course, their seats were right in the middle of a row so everybody in that row had to stand to let them get by.

Lunt was speaking. He stopped, waited til the late arrivals were seated and then said, "So nice of you to come."

A man was attracted by frightened screams from a nearby house. He ran in to investigate, and found a frantic mother whose small boy had swallowed a quarter. Seizing the child by the heels, he held him up, gave him a few shakes, and the coin dropped to the floor. The grateful mother was lost in admiration.

"You certainly know how to get it out of him," she said. "Are you a doctor?"

"No, madam," replied the man, "I'm from the Internal Revenue Bureau."

## 'Gangway!'

## Diphtheria May Be Prevented By Immunization

AUSTIN: It is a tragedy that Texas parents continue to allow their babies to suffer and die from that painful and killing disease diphtheria. This is the opinion of Dr. Geo. W. Cox, State Health Officer, who says "It is up to the parents. If they protect their children with immunization, they need not have diphtheria."

Dr. Cox said it is amazing that this disease should be allowed to take its toll of young lives when it can be entirely stamped out by proper immunization. Yet in the past week, 33 cases were reported in this state.

"Babies should be immunized by the age of eight or nine months," Dr. Cox advised. Authorities on the care of infants recommend a first dose by the age of eight or nine months, and sometimes as early as six months. A second dose is usually given later.

To maintain complete immunity,

Dr. Cox said that a reinforcing dose of toxoid is advised when a child is old enough to enter school if a Schick test reveals the need of one. Children who have never been immunized certainly should be protected without any further delay, the State Health Officer declared, and added that it is the responsibility of the parents to save the lives of their children.
